# Nabin Shrestha

Civil Engineer — NEC Registered

## PROFILE

Civil engineer with four years on residential and institutional building sites in the Kathmandu Valley. Has supervised construction of a six-storey apartment and two school blocks to NBC standards, handling estimation, bar-bending schedules and quality checks. Registered with the Nepal Engineering Council. Works in AutoCAD, ETABS and MS Project.

## EXPERIENCE

### Site Engineer
Mangsir 2081 – Present

Construction company · Bhaktapur

- Supervise a six-storey residential apartment, around Rs 9 crore contract value
- Prepare bar-bending schedules and check reinforcement before every pour
- Run daily quantity records and monthly running bills with the client's consultant
- Manage a site team of around 35 workers with three subcontractors

### Junior Engineer
Baishakh 2079 – Kartik 2081

Consulting firm · Lalitpur

- Prepared structural drawings and estimates for two school blocks under a municipality contract
- Carried out site supervision visits and prepared work-progress reports
- Assisted in seismic detailing checks against NBC 105 requirements

## EDUCATION

### Bachelor of Civil Engineering
2074 – 2079

Institute of Engineering, Tribhuvan University · Pulchowk, Lalitpur

Final-year project on cost comparison of RCC and steel framing for mid-rise buildings.
