ACKNOWLEDGEMENT

I would like to express my sincere gratitude to my Science teacher, Sita Kumari Gautam, for the guidance and encouragement given to me at every step of this project work on “Water Quality of the Tinau River”. Without that guidance and feedback, this project would not have taken its present shape.

I am also thankful to our principal, Bishnu Prasad Aryal, and Shree Saraswati Secondary School for giving me this opportunity and the resources to complete it.

I also thank the staff of the municipality's drinking water office for their help.

Finally, I am grateful to my parents and friends for their support and encouragement throughout.

Aayusha Shrestha
Student
Class 10, Section B · Roll No. 7
