Santosh Bishwakarma

Electrician — CTEVT Skill Test Level 2

santosh.bk@example.com · +977 98XXXXXXXX · Butwal, Rupandehi

PROFILE

Electrician with seven years on residential and commercial sites in Rupandehi and Chitwan. Has wired 14 buildings from conduit to final testing, including a 12-flat apartment and two small factories. Handles generator changeover panels, earthing and fault-finding. CTEVT Skill Test Level 2 and holder of an electrical works licence.

CERTIFICATIONS

CTEVT Skill Test — Electrician Level 2 — 2079
National Skill Testing Board

Electrical works licence — 2080
Department of Electricity Development

EXPERIENCE

Site Electrician — Mangsir 2080 – Present
Building contractor · Butwal

- Wire residential and commercial buildings end to end — conduit, pulling, DB fitting, earthing, testing
- Completed a 12-flat apartment including distribution boards and a 60 kVA generator changeover panel
- Lead a team of three helpers and prepare material estimates before each floor
- Handle fault-finding call-outs, around eight a month, mostly earthing and overload faults

Assistant Electrician — Baishakh 2077 – Kartik 2080
Electrical works firm · Bharatpur, Chitwan

- Assisted on house wiring for around 30 residential jobs
- Installed and tested inverter and solar backup systems for eight households
- Maintained tools and material stock for a four-person crew
