EXPERIENCE

Nov 2023 – Present

Site Electrician

Building contractor, Butwal

- Wire residential and commercial buildings end to end — conduit, pulling, DB fitting, earthing, testing
- Completed a 12-flat apartment including distribution boards and a 60 kVA generator changeover panel
- Lead a team of three helpers and prepare material estimates before each floor
- Handle fault-finding call-outs, around eight a month, mostly earthing and overload faults

Apr 2020 – Oct 2023

Assistant Electrician

Electrical works firm, Bharatpur, Chitwan

- Assisted on house wiring for around 30 residential jobs
- Installed and tested inverter and solar backup systems for eight households
- Maintained tools and material stock for a four-person crew

SKILLS

- House and building wiring
- Generator changeover panels
- Solar and inverter backup
- Distribution board and earthing
- Fault-finding and repair
