SENDER'S ADDRESS → Chabahil-7, Kathmandu

DATE → 28 November 2026

RECIPIENT → The Editor
The Kathmandu Post
Tinkune, Kathmandu

SUBJECT → **Subject: Garbage piling up on the streets of Chabahil**

SALUTATION → Dear Sir/Madam,

OPENING → Through the columns of your esteemed daily, I would like to draw the attention of the concerned authorities to the garbage piling up on the streets of Chabahil.

PROBLEM → For the past three weeks, garbage has not been collected from our ward. Heaps of plastic, food waste and broken glass now block the footpaths, and stray dogs scatter them across the road every night. Children walking to school have to step onto the busy road to pass.

EFFECTS → The smell has become unbearable, shopkeepers say customers have stopped coming, and the health post nearby says cases of diarrhoea are rising. If the garbage stays until the monsoon, it will block the drains and flood the lanes.

SUGGESTIONS → I request the metropolitan city to clear the garbage at once and to fix a regular collection day. We residents, too, should separate kitchen waste from plastic and keep it inside until the truck comes.

CLOSING → Yours faithfully,

NAME → Sujata Karki
