STATUS OF RESIDENCE	Student	SCHOOL	[School name], Fukuoka
COURSE	2 years (long-term course)	INTAKE	April 2027
JAPANESE	JLPT N5, July 2026	NATIONALITY	Nepali
PASSPORT	PA0000000		

QUESTION 1

Who are you, and what have you done since school? Give your education, any work, and what you are doing now, and explain any gap.

I am 19 and live in Waling, Syangja, with my parents and younger brother. I completed Class 12 in Management under the National Examinations Board in 2025 with a GPA of 3.12. From January to October 2026 I studied Japanese at an institute in Pokhara, and for three months of that time I also volunteered at an elderly care home there, helping the staff with meals and exercises. My father runs a poultry farm and my mother looks after our home.

81 words

QUESTION 2

Why do you want to learn Japanese, and why in Japan rather than in Nepal? Say how your interest began and how you have studied so far.

My interest began at the care home, where I saw how few trained carers there are for old people in Nepal. I learned that Japan trains care workers through colleges and a national exam, and that the training is in Japanese. I studied 320 hours of Japanese at the institute and passed JLPT N5 in July 2026. Classes in Nepal stop at the basics, and outside them I rarely hear Japanese. In Japan I would use it every day, and I need it at a high level to study care work in it.

93 words

QUESTION 3

Why did you choose this school, and this course length and intake?

I chose a two-year course from April 2027 because it ends in March 2029, when care worker colleges start their year. The school has a track for students going on to vocational colleges, with classes for JLPT N3 and N2 and help with college applications. Its dormitory is ten minutes from the school. I chose Fukuoka because rent is lower than in Tokyo, and I have budgeted for living there.

70 words

QUESTION 4

How will you study while you are in Japan? Give the levels you aim for, and by when.

I aim to pass JLPT N4 in July 2027, N3 in December 2027 and N2 in December 2028, before I apply to college. I will attend every class and study for three hours each day after school, using the books the school sets and practising speaking with my teachers. If I work part time, it will be only with permission, within the hours allowed, and never at the cost of my classes.

QUESTION 5

What will you do after the language school? Name the next course and the work it leads to.

After the language school I plan to join a two-year care worker course at a vocational college in Fukuoka from April 2029, and then sit the national exam for certified care workers. I want to work in a care home in Japan for some years to learn the work properly. Later I want to return to Syangja and start a home-care service, because many old people there live alone while their children work abroad.

74 words

QUESTION 6

Who will pay for your studies and living costs, from what income, and how was the money saved?

My father will pay for my studies. He has run a poultry farm in Waling since 2012, registered with the municipality, and his income for the fiscal year 2082/83 was NPR 21 lakh, as his tax clearance shows. He has saved NPR 32 lakh from the farm's sales, and his bank statements show the deposits over the past year. The first year's fees are JPY 820,000, and I have budgeted JPY 75,000 a month for living costs.

77 words

QUESTION 7

Have you been refused a COE or a Japanese visa, or withdrawn an application? Is there anything else the school should know? Leave it blank if nothing applies.

I have not applied for a Certificate of Eligibility or a Japanese visa before.

14 words

I declare that this statement is true and correct, and that I wrote it myself.
