Temporary visitor visa application: Visiting our daughter in Yokohama, 15 March – 13 April 2027 (30 days)

Dear Sir or Madam,

I am Krishna Prasad Adhikari, 61, a retired government school teacher from Pokhara. I am applying for a single-entry temporary visitor visa to visit my daughter in Japan from 15 March to 13 April 2027, a stay of 30 days. The flight reservation from Kathmandu to Tokyo (Narita) and back is attached. My wife, Kamala Adhikari, 57, travels with me on the same dates and submits her own application.

Our daughter, Sunita, has lived in Japan since 2017 and works in Yokohama. Her son, our first grandchild, was born in September 2026, and we have not yet met him. We will stay in her flat in Yokohama, apart from three nights in Kyoto and Nara from 2 April, as the Schedule of Stay she has prepared shows. Until then we will be at home with the family, with a day in Kamakura and a day in Tokyo. After Kyoto we spend our last week in Yokohama, and we fly home on 13 April. The Kyoto hotel booking is attached.

The inviter is our daughter, Sunita Adhikari Khanal, 31. She has worked as a systems engineer at an IT company in Yokohama since April 2021, and her residence card shows the status Engineer/Specialist in Humanities/-International Services. She has sent the Letter of Invitation, the Schedule of Stay, her certificate of residence (juminhyo) and copies of her residence card and passport. Her birth certificate and the relationship certificate from our ward office, with English translations, show that she is our daughter.

Sunita will pay for our air tickets and our stay, and she has signed the Letter of Guarantee. Her income certificate from Yokohama City shows an income of ¥4.6 million for 2025. Because we stay in her home, our costs in Japan are small. I also have my own means: my teacher's pension of NPR 38,500 a month is paid into my account at a bank in Pokhara, where the balance is NPR 6.2 lakh. The bank's balance certificate, six months of statements and my pension book are attached.

Our home is in Pokhara, in the house we own on 8 aana of land in Ward 8 of Pokhara Metropolitan City, and we also own 1 ropani of farmland in Kaski. Our son, Bibek, lives with us with his wife and their two children, and runs a hardware shop in Pokhara. Our house, our land, my pension and the rest of our family are all in Nepal. The land ownership certificates and our relationship certificate are attached.

This is my first passport and my first visa application, and the same is true for my wife. Neither of us has ever been refused a visa for Japan or any other country.

We will fly home on 13 April 2027, as the reservation shows, well within the stay a temporary visitor is allowed. We will not work or study in Japan. Every date and figure in this letter agrees with the attached documents, and Sunita can be reached at the address and phone number on her Letter of Invitation.
